

SuperSuede Alcantara Style Interior Wrap Film

Add luxury, depth, and suede soft touch texture to your interior applications with Suede, a high-performance self-adhesive suede alcantara style wrap film that emulates the rich, tactile finish of Alcantara. Specially developed for interior decoration and automotive trim applications, this premium suede film combines the authentic look and feel of real suede with the durability and ease of a self-adhesive based solution.

Designed with easy installation in mind, the film offers excellent conformability, making it ideal for curves and flat areas. The advanced adhesive system ensures strong adhesion to most interior surfaces while allowing repositioning during installation, minimising bubbles and creases.

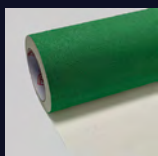

Perfect for wrapping dashboards, door panels, consoles, headliners, and other interior surfaces, Suede offers a sophisticated aesthetic upgrade without the weight or cost of traditional materials.
